This version can be used if the name of the producer or his authorized representative is already mentioned on the same document.

To be printed on the packing or
on a label fixed to the packing

EN 14041

In addition to any specific clauses relating to dangerous substances contained in EN 14041, there may be other requirements applicable to the products falling within its scope (e.g. transposed European legislation and national laws, regulations and administrative provisions). In order to meet the provisions of the EU Construction Products Directive, these requirements need also to be complied with, when and where they apply.

This task is incumbent on the manufacturer of the product mentioned.
